## New Cabinet Slated After Liberal Quits

## Conservatives To Take Over Canada Regime On Friday

OTTAWA (AP)—John Diefenbaker is putting together a Cabinet slate prior to taking over Friday as Canada's first Conservative prime minister in 22 years.

Gov. Gen. Vincent Massey last night asked Diefenbaker to form a new government after the Liberal Cabinet of Prime Minister Louis St. Laurent resigned. The Conservatives upset the Liberals in last week's elections but did not win a ruling majority. They have 109 seats and the Liberals 104 in the 265-member House of Commons.

Diefenbaker, a 51-year-old lawyer from Saskatchewan, had announced earlier that he would accept the prime minister's job but said he needed until Friday to prepare a slate of Cabinet officers. A member of Parliament since the 1930s, he led the Conservatives to victory in his first campaign as party chief.

## Editor To Fast In Protest Over A-Bomb Testing

LAS VEGAS, Nev. (AP)—A New York editor, picketing the Atomic Energy Commission's headquarters, has begun a fast in protest against continued American testing of nuclear weapons.

Armon Hennacy, associate editor of the Catholic Worker in New York, said yesterday he will not eat until June 28, the date scheduled for the testing of one of the biggest nuclear devices ever exploded in the United States.

Hennacy said that every year since 1950 he has fasted Aug. 6, anniversary of the drop of an atomic bomb on Hiroshima.

BUDAPEST (AP)—Fourteen-year-old Csaba Koernendy, reported in the United States to have been sentenced to death, was freed today on a year's probation for firing off a pistol.

A letter from Csaba to his mother, Mrs. George Szerdahelyi, Indianapolis, Ind., apparently touched off a series of misunderstandings that led to a protest by Rep. Charles Brownson (R-Ind.) to President Eisenhower.

Csaba had written her that he was "No. 2 defendant" in a trial. Actually he was the least involved of three teen-agers who never taken from their boarding appeared this morning for a three-school.

## It's The Humidity?

## Heat Wave Shatters Major City Records

By The Associated Press

Most of the nation's eastern half awoke to another torrid day today after sizzling temperatures that set records yesterday.

At the edge of the swelterbelt, where hot and cold air clashed, there were severe thunderstorms and some tornado activity.

The Weather Bureau in Chicago said the mercury would nestle in the 90s for another day of hot and humid weather.

It was because of the torrid temperatures yesterday that Chicago and New York suffered power shortages. This occurred in the rush for air-conditioning relief.

Record temperatures were set for June 17 at Philadelphia, where it reached 94, Newark, N.J., 93, and New York City, 92.

Chicago's 96 equaled the high for the date, established in 1887.

The hottest spot in the nation was Presidio, Tex., where a high of 108 was reported.

Forecasters said temperatures in the 90s would be repeated in the eastern half of the country.

The demarcation line of cool and warm air in the central portion of the country was peppered with thundershowers, which occurred from the Texas Panhandle northeastward through the central plains and the upper Mississippi Valley.

Swollen rivers and creeks, spilling from banks and gushing forth great walls of surging water, were fed by torrential rains over the weekend. Southwestern Minnesota and eastern South Dakota counted at least five deaths due to flooding.

Communities in the stricken areas braced for further outpourings as tributaries poured new water into the Redwood River in Minnesota and the Big Sioux in South Dakota.

Solon Asks Probe Of Stassen Role

WASHINGTON (AP)—Sen. Humphrey (D-Minn.) said today he will conduct "a thorough investigation" of U. S. disarmament policies, including "the present role of Harold E. Stassen."

He said top administration officials will be asked to tell the Senate Disarmament subcommittee "what authority Mr. Stassen now has" as chief U. S. negotiator in the disarmament talks at London.

Brush Blazes Peril Homes

LOS ANGELES (AP)—A brush fire—one of scores fought in searing heat yesterday—roared on today at Elsinore, and a state forestry dispatcher said: "There is a good possibility of this being a tragic affair."

The blaze blackened 750 acres and threatened scores of homes near Lake Elsinore—dry in recent years for lack of runoff—35 air miles southeast of here. Home owners with garden hoses joined 350 state and U. S. forestry crews in fighting it.

Doubly Wedded Man Vanishes, Court Informed

LOS ANGELES (AP)—Mrs. Andrea M. Hurst knew her husband as Nimrod E. Hurst. Mrs. Ruby Harmon knew hers as Leland E. Harmon.

Yesterday Superior Court annulled the Harmon marriage, then granted a divorce to Mrs. Hurst. The reason: Both were married to the same man.

The court ruled that when Hurst-Harmon married Mrs. Harmon, 46, in St. Louis, Mo., in 1942, he already was married to Mrs. Hurst, 47.

What about Hurst-Harmon, a 59-year-old chinchilla breeder? "He has disappeared into thin air," says Mrs. Hurst's attorney.

Smith, Jenner Lead Congress Attack On Decisions

WASHINGTON (AP)—Two new Supreme Court decisions in the field of communism today set off congressional criticism of recent rulings of the high court.

Rep. Howard W. Smith (D-Va.) said the 1940 anti-subversive law which bears his name is "perfectly clear" in its intent. He suggested there is no use trying to amend the statute so long as the law turns into "whatever the president interprets it to be."

## Fourth Shot Exploded At Nevada Site

## Scientists Flee As Fallout Is Greater Than They Expected

ATOMIC TEST SITE, Nev. (AP)—Atomic scientists exploded the fourth shot in the current atomic test series at 4:45 a. m. today. Then they fled.

The Atomic Energy Commission said "light fallout" from the blast forced evacuation of the test site control point.

The device—detonated from a balloon hung 500 feet above the desert floor—lit up the dawn sky.

Five minutes later the billowing mushroom cloud, rising almost six miles, began to sift radioactive contamination inward the control point.

Diagnostic Tests Made

The order to evacuate was given. In 30 minutes the point was empty. It is some eight miles from Ground Zero.

An AEC spokesman said the upper part of the cloud headed north of due east at 30,000 feet. The stem drifted north of due west at 20,000 feet.

More than 50 diagnostic tests were conducted as a part of this morning's test. Live pigs and mice—with recording instruments on their bodies—were used in studies of radiation.

The blast today was estimated by observers as the same size as the 10 kiloton shot which launched the test series earlier this month. A kiloton is the equivalent of 1,000 tons of TNT.

The last two shots were much smaller—perhaps two kilotons.

No troops took part in today's test, although more than 30 military planes criss-crossed the skies nearby on support missions and indoctrination flights.

Ike Bypasses Murray, Selects Two For AEC

WASHINGTON (AP)—Two new nominations to the Atomic Energy Commission have been made by President Eisenhower in a move by-passing Commissioner Thomas E. Murray.

John F. Floberg was nominated yesterday to succeed Murray, the last Truman appointee on the AEC and a frequent critic of commission policies in recent years. Murray is a Democrat.

Floberg was described as a political independent. He was an assistant secretary of the Navy under former President Truman.

Also nominated was John S. Graham, a Democrat and one-time assistant secretary of the Treasury under Truman. He will succeed the late John Von Neumann, a scientist, on the AEC. Von Neumann had no formal party affiliation.

Both appointments were recommended by AEC Chairman Lewis L. Strauss, White House press secretary James C. Hagerty said.

Sen. Jenner "R-Ind." said he is afraid the court has "put us back where we were 20 years ago" in the legal battle against Communists.

Smith and Jenner referred in interviews to yesterday's Supreme Court decision overturning, 6-1, Smith Act convictions of 14 California Communists. Five were freed and new trials ordered for the other nine.

In a second ruling, the court struck down the contempt of Congress conviction of labor official,

## Civil Rights Fight Enters Final Stages

## BULLETIN

WASHINGTON (AP)—The House today passed President Eisenhower's civil rights bill.

The vote was 286-126.

WASHINGTON (AP)—Southern members of the House lost their fourth attempt to write a jury trial amendment into the civil rights bill today and the House pushed on toward passage.

It was the first vote during the long debate on the measure in which members were individually recorded by name. In a preliminary skirmish, Rep. Poff (D-Va.) won a favorable ruling from Speaker Rayburn (D-Tex.) which allowed him to make a motion for the record vote.

Final passage of the bill would send the measure to the Senate, where proponents have promised a finish fight to get action this session, despite a Southern filibuster threat.

Senate Republican Leader Knowland of California said he is "prepared to take whatever steps necessary" to speed action.

Knowland made the remark to newsmen at the White House after he and other GOP congressional leaders had held their weekly conference with President Eisenhower.

House passage will send the controversial measure to the Senate, where Knowland and some other proponents of civil rights legislation plan an attempt to by-pass the Senate Judiciary Committee. A civil rights bill has been bottled up in that committee for months.

British Papers Hail Decisions

LONDON (AP)—The London Times said today that the U. S. Supreme Court rulings placing new curbs on Congressional investigative powers "are of vast importance to American liberal traditions."

The Times made the Supreme Court findings its lead story and commented in its Washington dispatch that "in many respects it has been a great day."

Bakers Union Leader Faces U. S. Tax Quiz

WASHINGTON (AP)—Chairman McClellan (D-Ark.) said today the Senate Rackets Investigating Committee has discovered no one paid federal income taxes on some \$60,000 raised at a 1956 dinner to buy a new home for Max Krast.

New York boss of the Bakers Union.

McClellan said staff investigators also have learned that John D. Nelson, another Bakers Union official, filed no income tax returns for the years 1952 and 1953.

"and only filed his income tax for the years 1954, 1955 and 1956 since he was served with a subpoena by this committee."

Nelson is trustee of Local 37 of Los Angeles.

McClellan's statements were made as the committee resumed public hearings on alleged scandals which have split the union into two warring camps.

"The government," McClellan said, "should take appropriate action not only to recoup the losses but to prevent similar losses in the future" and to "prevent the taxpayers from having to make involuntary contributions of this kind."

Ina Ray Hutton's Mate Files Suit For Maintenance

LOS ANGELES (AP)—Band leader Ina Ray Hutton's estranged husband has sued her for \$350 a month separate maintenance.

Randolph (Randy) Brooks, in a Superior Court petition filed yesterday, said he is no longer able to support himself because he has lost the use of his left arm and leg.

Miss Hutton, 41, and Brooks, 38, were married April 10, 1949, and separated last April 12. Both had been married before.

Domestic Troubles Blamed As Two Killed In Gunfire

WHEELING, W. Va. (AP)—The domestic troubles of Thomas Cronk Jr. boiled over last night in a flurry of shots that left his father-in-law and a child dead and a family friend wounded.

The dead were James Mitcham, 45-year-old contractor, and Donna Mitcham, 9, his daughter. Donna was a half-sister of Cronk's 20-year-old wife, Shirley.

Alex Talorchuk, 35, of Barton, Ohio, was in fair condition at a Wheeling hospital.

"I think Cronk went crazy," said Talorchuk. "He fired first at the little girl as she stood by the radio. Then he got Jim. I started for the door and he fired at me."

Mrs. Cronk said her husband fired at least six shots. He rained bullets just as she turned in a flurry of shots that left his father-in-law and a child dead and a family friend wounded.

## China Radio Gives Views Of Red Boss

## Conflict Revealed As Complete Text Of Speech Is Aired

HONG KONG (AP)—Red China today made public the text of Mao Tse-tung's hitherto secret speech admitting "certain contradictions exist between the government and the masses" in Communist society.

Peiping radio broadcast the 17,000-word statement which the Chinese Communist boss made Feb. 27 to the 11th enlarged session of the Supreme State Conference.

Portions of the speech, leaked to the Polish Communists, attracted wide attention in the Western world because they brought Mao into ideological conflict with Russia's leaders. Soviet Communist party boss Nikita Khrushchev and other Russian leaders claim no such contradictions between government and masses exist under communism.

"Can't Abolish Religion"

Mao declared that any attempt to deal with such contradictions by "coercive measures will not only be ineffective but harmful."

"We cannot abolish religion by administrative orders, nor can we force people not to believe in it," he said. "We cannot compel people to give up idealism, no more than we can force them to believe in materialism. In settling matters of controversial issues among the people, we can only use democratic methods, methods of discussion, of criticism, and not coercive nor high handed methods."

Mao differentiated between two different types of contradictions. "Never has our country been as united as it is today," he said.

"Now we see before us an ever brighter future. However, this does not mean that there are no longer any contradictions in our party."

"It would be naive to think there are no more contradictions. To do so would be to fly in the face of objective reality. We are confronted by two types of social contradictions — contradictions between ourselves and the enemy and contradictions among the people. These two types of contradictions are totally different in nature."

"If we are to have a correct understanding of these two different types of contradictions, we must, first of all, make clear what is meant by 'the people' and what is meant by 'the enemy.'"

Mao said the terms had different meanings in different countries and in different historical periods. During China's war against Japan, for example, "all those classes, strata and social groups which opposed Japanese aggression could be described as belonging to the category of the people while the 'Japanese imperialists' and pro-Japanese elements among the Chinese were the enemy."

Actress Claims Mate Violated Wedding Vows

SANTA MONICA, Calif. (AP)—Actress Terry Moore has filed suit for divorce, accusing her husband of numerous acts of infidelity.

In her complaint charging mental cruelty, filed yesterday in Superior Court, she said her husband, Eugene Charles McGrath, "had illicit relations with numerous and various women in Las Vegas, Nev."

She also accused him of "extensive gambling."

The 28-year-old actress and McGrath, 35, were married in Las Vegas Jan. 1, 1956.

## Youth Slays Sweetheart, Recent High School Grad

HOUSTON, Tex. — A University of Houston student told police he slashed the throat of his 17-year-old sweetheart in the front bedroom of her home last night because she told him they were "through."

Sandra Jean Maywald, 17, a June graduate of San Jacinto High School, died seconds after the attack.

Robert Edward Freeman, 17, gave police a written statement witnessed by reporters. He said he and Sandra Jean attended high school together. He said he was planning to become a minister after his graduation from the university.

His father is a professor of secondary education at the University of Houston.

Officers found Sandra Jean's nude body lying on a blood-soaked bed in her home. She was partially covered by a bedspread.

They said the boy was sitting in the living room when they arrived.

Homicide Lt. W. C. Doss said the boy told him he had been going with Sandra Jean since last October.

After she told him she was through with him, he said, he asked, "What am I going to do?"

"That's just your rough luck," he quoted her.

Patrolman W. C. Williams said the youth told him Sandra Jean was wearing a bathing suit when he cut her throat with the pocket knife and that he removed it after he killed her.

## Air Pollution Cited As Cause Of Lung Cancer

LONDON — Researchers hired by British tobacco companies said today Londoners each day breathe as much of one cancer-causing substance — benzopyrene — as they would get from smoking 100 cigarettes.

Benzopyrene is one of the substances most frequently mentioned by scientists seeking to determine whether smoking is a major cause of lung cancer. It is found both in tobacco smoke and in air polluted by industrial by-products and heavy automotive traffic.

The experts working for the British tobacco firms said they took samples of London's heavily polluted air and of the less polluted air of a country town.

## Hagerty Asserts Mamie 'Not Ill,' To Get Checkup

WASHINGTON — The White House says it's "just routine" and that Mrs. Mamie Eisenhower is "not ill," but the First Lady is in Walter Reed Army Hospital today for her second "head-to-toe" physical checkup within four months.

Press Secretary James C. Hagerty said Mrs. Eisenhower, who entered the hospital yesterday, expects to stay "several days."

Her last stay at Walter Reed was late in February. At that time, Hagerty announced she would be there overnight, but she actually stayed three or four days. She was pronounced in good condition when she left.

Hagerty said the new hospital visit was prompted by no illness but that the First Lady for a number of years has made it a practice to get a physical checkup at least once or twice a year.

NOTTINGHAM, Eng. — (INS) — When Lord Mayor William Hickling of Nottingham pressed a button yesterday to open the city's dairy festival, ten prize cows went into a wild dance, wriggling, jumping, bucking, kicking.

Someone had accidentally cross-circuited the milking equipment, giving the animals a violent shock.

## Narcotics Traffic Seen Cause Of N. Y. Slaying

NEW YORK (INS) — Authorities speculated today that underworld narcotics traffic was responsible for the gang-style slaying of Frank Scalis, 35-year-old reputed associate of Frank Costello and Charles (Lucky) Luciano.

Scalis was shot down yesterday afternoon in a fruit and vegetable store in the Bronx section.

## Heat Wave Brings Threat Of N. Y. Power Shortage

NEW YORK — The heat wave, taxied New Yorkers' tempers and their electrical power system yesterday.

The metropolis baked in 90-degree heat for the third day in a row. The city's sweltering millions faced more of the same today.

Thousands of air conditioners were switched on as the temperature soared. That helped boost the power load toward the breaking point.

Consolidated Edison Co., the private utility that supplies the city, ran into what it called "a multitude of little headaches." The utility appealed for voluntary power cutbacks in homes, offices, stores and factories.

A similar power crisis developed in Chicago. Household voltage dropped from the standard of 120 volts to 113.

The situation here improved by evening, however, and a spokesman for the company said: "We think we're out of the woods." He said standby power units will be in operation today to ease the burden.

Earlier, the appeal for a power curtailment led to a shutdown of

## Japan Orders Family Paid In Sympathy

TOKYO — Japan's Cabinet, hoping to collect from the United States, today decided 629,000 yen — \$3,718 — will be paid as sympathy money to the family of the woman William S. Girard killed.

A U. S. Army spokesman confirmed that a claim is being considered but denied Japanese press reports that the Army has made a commitment that it will cover the payment to the husband of Mrs. Naka Sakai and their six children.

The newspaper Asahi said the Japan Procurement Board, which handles U. S. military spending, had reached an agreement with the U. S. Far East Command, subject to approval in Washington.

Payment of sympathy money is customary in such cases in Japan.

The United States usually pays sympathy money to the families of Japanese killed or injured in military accidents. The Japan-U. S. administrative agreement sets up a scale of compensation, based on the victim's age, his life expectancy, income and number of dependents.

Mrs. Sakai died Jan. 30 after being struck by an empty cartridge case while she scavenged scrap metal on the firing range.

## Kishi To End Trip In Ike's Plane

SAN FRANCISCO — Japan's Prime Minister Kishi, whose reputation at golf is that of a man with a good approach shot, planned a practice round today before leaving tonight for Washington aboard President Eisenhower's personal plane to meet America's leader on the golf course and across the conference table.

Ahead of his arrival in the nation's capital, word came through responsible U. S. officials there that Kishi's diplomatic approach to postwar problems may well result in a highly successful mission. These sources pointed to Kishi's basic friendliness toward the United States and to the growing strength of his leadership.

During the Chinese civil war which followed, Mao continued, "the United States imperialists and their henchmen — the capitalists and landlords and the Kuomintang (Chiang Kai-shek Nationalists) reactionaries — were the enemies of the people."

Mao said, "Contradictions among the working people are nonantagonistic," apparently meaning he believes such differences will not blow up into anti-Communist revolutionary movements.

"Contradictions among the people have always existed," he continued. "But their content differs in each period of the revolution and during the building of socialism."

He said that in present-day China contradictions among the people include the following: "Contradictions within the working class, contradictions within the peasantry, contradictions within the intelligentsia, contradictions between the working class and the peasantry, contradictions between the working class and the intelligentsia on the one hand and the national bourgeoisie on the other, contradictions between the working class and other sections of the working people on the one hand and the national bourgeoisie on the other, contradictions within the national bourgeoisie, and so forth."

## PE Workers Honored

Honored by the Potomac Edison Quarter Century Club at a recent meeting in Franklin Court, Hagerstown, were one Cumberland and two Frostburg residents.

Laura M. Pollock, Frostburg, qualified for membership in the club by completing 25 years of active service. A group of 21 employees were initiated into the club.

Carl L. Wilson, 619 Baltimore Avenue, received two awards. He received a pin in recognition of 10 years' service, and also received an engraved gold watch as an employee reaching his 40th year of service.

Walter T. Kline, Frostburg, received a pin in recognition of 30 years of service as a company employee.

R. Paul Smith, president of PE, lauded the objectives and functions of the Quarter Century Club. He said the company has been successful largely because of the 10,577 years of service and experience which the 333 active members of the club have given.

Potomac Edison Executive Vice President D. E. Stultz introduced as guests, J. Lee Rice Jr. and E. W. Wilkinson, vice president and treasurer respectively of the West Penn Electric Company, New York.

## Bible School Set For July

A vacation Bible school will be held at First Evangelical United Brethren Church Sunday through Wednesday, July 3 with Rev. E. E. Miller as director.

Daily sessions will be held from 9 a. m. to 11:30 a. m. Early registrations have been completed. Children between the ages of four and 12 may register at the opening session.

The kindergarten class will be taught by Mrs. Homer Carlton, Mrs. Vincent Green and Mrs. Whiting Linaburg.

Mrs. Nellie Nixon will teach the primary department, assisted by Mrs. Betty Sue Wilson, Miss Barbara Valentine and Mrs. Andra Getz, with Mrs. Thelma Long at the piano.

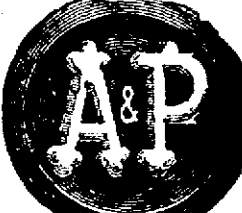

The junior department will be headed by Mrs. John S. Cook, assisted by Mrs. Paul Getz, Miss Donna Wrightman, Mrs. Edgar Shoemaker. Mrs. Brady Shultz will be at the piano.

Worship, Bible study, stories, handwork, games and refreshments will be featured in the daily program. If children need transportation parents are asked to call Mrs. Forrest Snider, PA 2-6335 or Mrs. John S. Cook, PA 2-6232.

Montreal is 300 miles nearer Liverpool than is the port of New York.

APPOINTED—The appointment of Miss Margaret Oliver, above, as state home demonstration leader, has been approved by the Board of Regents, Dr. Wilson H. Elkins, University of Maryland president, announces. She will come to Maryland from Alabama where she has been home demonstration agent 11 years to replace Mrs. Florence W. Low who is now dean of home economics at Texas A. and M. College, College Station, Tex. Miss Oliver will head the University's extension program for women. Over 18,000 homemakers are enrolled in clubs through which most of the home economics extension is conducted.

# 364 City Petitioners Face Call Into Court

## Bond Issue Referendum Case July 1

There are 364 persons whose names appear on petitions asking for a referendum on the City of Cumberland \$500,000 Urban Development Bond Issue who may be called into Circuit Court on July 1 at 10 a.m. to testify.

Associate Judge Morgan C. Harris heard arguments yesterday by opposing attorneys in a "friendly" suit which was docketed May 31 by William A. Gunter, 201 Washington Street, against the Mayor and City Council. Gunter contended that there were sufficient signatures on petitions submitted to the Mayor and City Council to justify a referendum on the \$500,000 bond issue.

City Attorney Thomas B. Finnan informed Judge Harris yesterday that some 4,015 signatures appeared on petitions submitted to the Mayor and City Council April 6. Some 2,548 were needed, or 20 per cent of the registered voters of the city. The city has conceded that only 2,272—or 276 fewer than are needed—are valid signatures.

Among those not accepted were 364 signatures which appeared to have been written by the same person or a series of persons. A number on each of several petitions appeared to be in the same handwriting. Judge Harris said that he was no handwriting expert, and set 10 a.m. July 1 as the date when testimony will be taken in the case. Finnan suggested that he and Albert A. Doub, who ap-

peared as Gunter's attorney, might agree on a handwriting expert whose qualifications would not be challenged when the hearing began July 1.

It was then that Doub raised the point that testimony from the 364 persons themselves might prove more pertinent than the testimony of a handwriting expert. Each could testify whether he had authorized some other person to sign a petition for him or whether he had signed the petition himself.

In his arguments before Judge Harris the two attorneys cited a number of decisions in Maryland and other states which gave conflicting views on the validity of signatures.

Doub said a signature is the act of putting a man's name at the end of a legal document and may be done by a second party acting as agent for the signer. He disputed the city's strict interpretation of the signatures on petitions and ventured an opinion that nine out of ten persons in the City of Cumberland do not know exactly how their name appears on the registration books. Finnan quoted court decisions which led to a more strict interpretation on signatures. He cited a 1951 Ohio case which decided that each individual must sign his own name with ink or indelible pencil. He contended that signing a petition is an important function and should not be taken lightly.

After yesterday's session, the city attorney said he expected argument will be heard in a few days in a second "friendly" suit brought against the Mayor and City Council. In this second suit, which was docketed June 4, Owen Hiltchins, of The Dingle, through Attorneys William C. Walsh and William Walsh, seeks to test the legality of the ordinances passed by the Mayor and City Council to provide for the \$500,000 urban development bond issue.

### Realtors Plan Annual Parley

OCEAN CITY, Md. — More than 300 real estate men and members of allied professions are expected to attend the annual conference of the Maryland Real Estate Assn. opening here Thursday.

The fifth annual conference will continue through Saturday.

### Banball Playing To Be Explained

The Recreation Department this week will brief members of the playground staff on banball, one of the new activities which will be offered during the playground season which opens Monday.

The instruction on the game will be offered during the annual leadership institute which opens tomorrow.

The game, according to Mrs. Eva Hogan, general playground supervisor, is played with a ball attached to an anchor block by a rubber band. Rackets similar to those used in table tennis complete the equipment.

She said the game can be played almost anywhere, since it requires little space. The game, she reported, has been used at York, Pa., for a number of years and has proved to be very popular.

Swans are peaceful birds; therefore live to 30 and 40 and sometimes 100 years old.

## The Bald Boy-12

### Exercise Hair, It's As Simple As That

By ELMER WHEELER  
Now Elmer brings you to another sensible theory on keeping your body, including your hair, alive—exercise.  
It stands to reason, says my doc, if a guy lives all day long in a hot

"Don't walk into the barbershop and ask for an oil change."

office, then goes home in a stuffy, hungry. We eat more. We get more bus, or enclosed car; then sits in valuable hair-saving ingredients. an enclosed house, movie, or at a card table, he lacks exercise.  
In lacking exercise he lacks stimulation—circulation.  
Lack of exercise, it seems, can affect the scalp and hair in at least two ways:

1. There is no blood circulation which you get from physical activity.
2. A sedentary person doesn't eat as well and as much as an active person, so gets little vital food values.

You see exercise makes us

Maybe that is why the pioneers all seemed to have shaggy hair, not so much from lack of barbering facilities, but due to their active lives and the fact that they ate the food off the land around them.  
You'd perhaps sleep through the day if you ate three heavy meals like your grandpa, but you'd get rest and relaxation, anyway, and perhaps not "worry your hair off" or "tear it to shreds" mentally.  
Today, look at the college boys. So many are balding or on the way. In a few years they'll surely need the psychosomatic treatment for permanent bald boys that doc promised to reveal to me later on.  
One final item called to my attention on washing the hair is the need for complete rinsing.  
Soap is fine to cleanse the hair of dirt, grime and the same stuff that collects on your car; but soap left on the car or the scalp defeats the job.  
So rinse well, and often.  
Wash no less than twice a week, say the dermatologists!  
The natural oil that is washed off can be replaced by mild hair dressings and by brushing the hair, which stirs up the oil sacs and gives the hair the luster you had in high school.  
Remember, too, it is normal to lose some hair. Everybody loses some, my doc says. It is only when you begin to lose an abnormal lot that you should drop in and see a good M.D.  
He'll tell you what to do. Who to see. What to use.  
One other bit of information I garnered was that chronic constipation is a contributing cause of dandruff and scalp diseases, because the body is failing to remove poisonous wastes and all parts of the body, including the scalp, are naturally affected.  
Massaging by the barber is good. His modern-day tonics are stimulating, but are not designed to cure scalp troubles or make hair grow.  
Tonics serve their purpose well in making you look less like a nanny goat, providing you don't overdo them and look like one of those ducktail juvenile delinquents with the leather coats who are found in police stations.  
Just don't walk into a barber shop, as you do the service station, and ask for "an oil change."  
Lanolin is the latest discovery for the hair. The properties of lanolin approximate the natural oils of the human skin and are declared good in hair dressings.  
But lanolin won't grow hair.  
Eventually experiments may show that chlorophyll may help (Continued on Page 16)

## Career Corner

By Joan Hanner

NEW YORK — (INS) — Retailing is a career that gives you the opportunity of dealing with people and pulling in money — but you have to accept hard work and low pay as a starter.

Experience is the keyword in retailing, and the only place to begin is behind a counter. Vacation jobs and holiday relief jobs are one way to pick up experience quickly. If you can then get accepted into a department store trainee class, you're on your way and the rest is up to you.

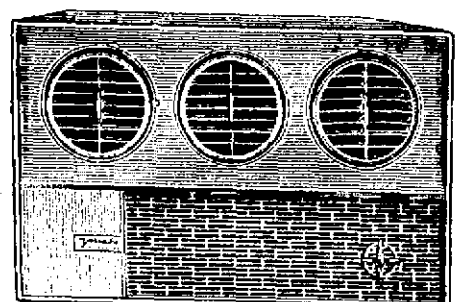

There is a number of goals to strive for. You can be the man or woman who runs the local store or you can work in any one of the dozens of departments in large or chain stores. You can sell, be a personnel man, plan operations, become a buyer or fiddle with figures in the accounting department.

Trainees out of college start out generally between \$25 and \$40 a month, while regular beginners earn from \$200 to \$300 for a five day, 40-hour week.

That's the bottom of the ladder. But the top jobs, such as division head for a string of department stores, often pay as high as \$50,000.

Common table salt and its components, sodium and chlorine, have more than 14,000 uses in agriculture, diet and industry.

# Varsity Club Group Enjoys N.Y. City Trip

FROSTBURG — Eleven members of the Beall High School Varsity Club returned last night from a trip to New York City. They were accompanied by Edward Finzel, athletic coach and faculty advisor for the club.

The group left for New York late Thursday afternoon by train, and during their stay in the city resided in The Victoria Hotel. They visited the United Nations Building, Radio City Music Hall, Statue of Liberty, Empire State Building and Coney Island. They also attended a baseball game at the Polo Grounds between the New York Giants and the Cincinnati Redlegs. The trip was climaxed by a sightseeing trip by boat around Manhattan Island.

Those who made the trip, in addition to Coach Finzel, were Thomas Jacobs, William Graves, James Mallow, Conrad Elfinger, Delvin Ryan, Michael Pabbari, Jack Parker, Eugene Zumpano, James Skidmore, Charles Talley and John Manley.

# Board Assigns School Teachers In Grant County

PETERSBURG—The Grant County Board of Education at its last meeting accepted resignations from two teachers, transferred two, granted retirement to one, employed five new teachers and reassigned 14 who were holders of probationary contracts.

Carol Michael was transferred to the position of assistant coach at the local high school and Mrs. Susannah Leach of the Dorcas School was assigned to Petersburg Grade School.

Resignations were accepted from Mrs. Mildred Adams and Charles Munster while Mrs. Nell Lee Hart was granted her request for retirement. Miss Genevieve All, returning from a sick leave of absence, was given a position at Maysville Grade School.

Mrs. Florence Duling and Mrs. Anna Lee Reid were employed to teach at the graded school in Petersburg. Mrs. Mary Katherine Munzing of Clarksburg and Mrs. Carolyn Case of Parkersburg were assigned to the faculty at Petersburg High. Mrs. Lorena T. Mustachio of Fairmont was hired for a position at the Mt. Storm School.

Three math, one commerce and a girls' physical education teacher at Petersburg High, and one elementary position at Mt. Storm were not filled at this meeting.

The schools and their teachers for the year are as follows:

# Gas Company Needs Permit For Repairs

PIEDMONT—Ted Reeves, district manager of the Cumberland and Allegheny Gas Company, conferred with Mayor Rodney Baker and Council last night concerning an ordinance requiring the firm or its successors, before digging up the public ways, obtain a permit ten days before doing so.

Ordinance 103 will become effective for future projects, and it is not necessary that a permit be obtained 10 days in advance in emergencies.

The ordinance states in part: "Where there is any opening or excavation by the gas company, it must use proper care to prevent any injury to property and to restore it after the work has been completed to its former condition as nearly as is practicable."

While the work is in progress it shall not unnecessarily obstruct or impede traffic. Violators of any of the sections of the ordinance would be subject to a fine of \$15 per day.

Mayor Baker and Reeves assured each other that both wanted to cooperate and Reeves was given a copy of the ordinance for further study.

The mayor instructed the town's police officers to enforce the ordinance dealing with persons playing ball on the streets. A Paxton Street woman complained of boys breaking her front door while playing ball.

The purchasing of about \$100 in parts for the repair of fire plugs, recommended by Councilman Garland Cheshire, was authorized by council.

Parking meters will be in operation two hours longer on Saturdays only, from 9 a. m. to 9 p. m. Councilman Kingsley Skidmore was requested to draw up an ordinance stating it will be unlawful for any operator of a motor vehicle to enter Parking Lot 2 on Second Street, or to leave on Third Street. Motorists should enter the lot off of Third Street and exit on Second Street. Any violator of this ordinance will be subject to a fine of \$2.50.

Receipts from street parking meters and on parking lots for the past two weeks amounted to \$229.29, Ormond Ledlow, town clerk, revealed.

Council ordered that cells in the former town building that Abe Feldstein purchased, and a fire plug, be sold for junk to Feldstein. A. G. Clark, contractor of Westernport, was granted a permit to remodel the building.

Water valves at the intersection of Child's Avenue and Hampshire Street and on East Fairview Street were renewed and an open valve in the vicinity of the former town building was ordered the suggestion of Councilman Cheshire. He called attention to the need of black topping holes in the streets in various sections of the town. The work will get underway Monday, along with the painting of traffic lines and proper marking of curbs.

It was ordered that summer shirts, cap trousers and white gloves, amounting to about \$75, be ordered for police. Chief Charles Spiker was granted his vacation the week of July 1-8. Thomas Metz of Barton will be employed to work for him.

A traffic sign will be placed at the corner Third and Orchard Streets as it is hazardous for children using the swimming pool.

Kingley Skidmore was granted a permit to remodel his front porch and repaint it on West Fairview Street.

A meeting of the finance committee will be held June 27 at 7 p. m. The group authorized to pay all bills possible by July 1.

AWARDS PRESENTED—Miss Judith Geary is shown receiving two prizes from Sister Cordula, teacher at St. Patrick's School in Mt. Savage, for winning second place honors in the annual Irish history contest sponsored by the National Board of the Ladies Auxiliary, Ancient Order of Hibernians in America. Her prizes were \$50 for the national honor and \$10 for first place in the state competition. Carol Ann Meade, also a student at St. Patrick's, receives a check for \$2.50 for being runner-up in the state from Mrs. Margaret Campbell, local chairman of the AOLH.

Mrs. Ray Jenkins Elected To Head Legion Auxiliary

BARTON — Final plans for a week-long bazaar sponsored by St. Gabriel's Catholic Church have been made. The affair will be held on the firemen's lot from Monday until June 28. Proceeds will be added to the building fund of the church.

PAW PAW — Members of the Paw Paw Volunteer Fire Company were called early today when a vacant structure adjacent to Oldtown Methodist Church was destroyed by fire.

# New Officers Selected By Legion Union

ROMNEY — New officers of Hampshire Post 91, American Legion Auxiliary, were elected as follows:

Mrs. Margaret Baird, president; Mrs. Gladys Spring, first vice president; Miss Wanda Powell, second vice president; Mrs. Clyde Feaster, secretary; Mrs. Audrey Russell, treasurer; Mrs. Christine Doman and Mrs. Nell Daugherty, sergeant-at-arms and Mrs. Charles Hopkins, historian.

Mrs. Baird was elected as a delegate to the state convention to be held in July at Charleston, JP Appointed

Dr. O. W. Snarr, of Romney, has been appointed justice of the peace for Romney District by the Hampshire County Court.

Snarr was appointed to fill the vacancy for a justice created by the resignation of John J. Bruce who was elected last fall but resigned.

He posted bond and took the oath of office and is now duly qualified to serve as justice of the peace for Romney District for the next two years. Snarr will establish his office in the jury room in the Court House and will have regular afternoon and Saturday morning hours.

Meet Set Tonight

An invitation has been received to attend a chapter meeting at Piedmont Sunday at 1:30 p.m. Deputy Grand Regent Nettie Kemp, of Parkersburg, will be an official visitor at this meeting. Romney chapter will be in charge of the closing ceremony.

The following co-workers were elected to serve as officers for the coming year: Junior graduate regent, Juanita Saville; senior regent, Doris Liller; junior regent, Bessie Jones; chaplain, Maxine Bean; recorder, Curtiss Haines and treasurer, Nola Cheshire.

# Rotary Club Meets

Peter Lukus spoke at the weekly dinner meeting of the Frostburg Rotary Club at Layman's farm last night. He stated that the recent publicity given the case of GI Girard, charged with manslaughter and scheduled to be tried before a Japanese court, has given some citizens a biased idea regarding the actual facts of such cases.

Lukas explained that our State Department has made treaties, called "Status of Forces Agreements," between our country and the 49 countries in which our armed forces are now stationed.

These agreements spell out clearly just which offenses will come under the jurisdiction of the local courts, the circumstances which shall govern such action and also the particular cases which shall be tried by army court martial, he added.

In minor infractions, and those committed by soldiers when off duty, the local courts take over in the majority of cases. However, Lukas quoted figures to prove that the foreign courts have been exceedingly lenient with sentences, having "bent over backwards" to treat the GI's charged with offenses fairly in every case of record.

Lukas stated that in every case, the foreign courts have given lighter, less severe sentences than would have been handed down had the trials been held in a U.S. court or by court martial. According to Lukas, the Girard case has developed into "much ado about nothing."

Visitors present at the meeting were F. A. McKenzie, Grantsville; Thomas Connor and Dr. John Hohing, Lonaconing and Rev. Maurice D. Robertson, William Wendt, Louis Baldwin and J. B. Stevens of Cumberland.

President Walter Kline announced that new officers will be installed next Monday evening.

# Students Enroll At Potomac State For Summer Term

KEYSER — A total of 118 students are enrolled at Potomac State College for the first semester of the summer term, according to an announcement by Dean K. S. McKee.

# '58 Festival Plans Begin

MEYERSDALE — Preliminary steps in preparation for the 1958 Somerset County Maple Festival were taken by the Chamber of Commerce at a recent meeting in Colonial Hotel.

The chamber voted to call a meeting for the purpose of appointing a chairman for next year's festival. The Somerset County Maple Producers Association and past festival officials will be asked to attend the meeting with the Chamber of Commerce.

The date and place for the meeting will be announced later. Prior to this time, the festival chairman has been selected by the Chamber of Commerce.

Selected as the dates for the 1958 festival are March 21-23. Herman Baschore, general chairman, gave a report on this year's festival.

# Students Enroll At Potomac State For Summer Term

KEYSER — A total of 118 students are enrolled at Potomac State College for the first semester of the summer term, according to an announcement by Dean K. S. McKee.

Of this total there are 32 freshmen, including 29 men and three women. There are also 62 sophomores enrolled, including 46 men and 16 women. The total of full-time students on campus is 91.

Twenty-four special students are enrolled. Dean McKee said that some are renewing certificates, some doing work in mathematics, and others are transfers from other colleges who are taking make-up work.

The summer term began June 10 and the first semester will end on July 19. The second semester commences July 22 and will continue until August 24.

The summer courses are being taught by regular members of the faculty.

Awarded Degree

Joseph Nowalski, past governor of Keyser Lodge 662, L.O.O. Moose, was awarded the Pilgrim degree, the highest honor in the order, during his recent visit to Mooseheart, Ill.

Nowalski has served as governor and secretary of the local lodge as well as herder and Noble North Moose of the Legion, Potomac Valley 66. He has been an active member of the local organization for a number of years and is prominent in Moose circles throughout the state.

Miss Judith Smith, a native of Keyser, was awarded a \$3,000 scholarship during commencement activities at Mooseheart High School, Mooseheart, Ill.

The Keyser girl, who is visiting her grandfather, J. H. Cromer, Barnes Street, received the Women of the Moose College of Regents Scholarship. She plans to attend Normal University, a state teachers college, near Bloomington, Ill., and later teach home economics in high school.

Sponsoring Miss Smith at Mooseheart were William P. Miller, Nowalski and Boyd Halterman of here.

Wheat Notice Mailed

John S. Arnold, chairman of the Mineral County Agricultural Stabilization and Conservation Committee, states that notice of 1958 wheat allotments have been mailed to all known wheat growers in the county.

Any farmer that did not receive a notice of 1958 wheat allotment and who intends to seed wheat this fall for 1958 harvest should apply through the county ASC office for a new wheat allotment before July 1.

Necessary blanks for that purpose are available at the county ASC office, as well as assistance in preparing them.

## Business Briefs...

WASHINGTON (INS)—The independent Petroleum Association of America predicted today that markets for domestic crude oil during the third quarter of this year will drop about 400,000 barrels daily. The monthly IPA publication estimated markets in the period will average 6,925,000 barrels daily, compared to June production of about 7,325,000 barrels daily. Total domestic and export demand was estimated at 8,335,000 barrels daily, up almost five per cent over the same period of 1956.

NEW YORK (INS)—Hotel Corporation of America announced today plans for a 100-room, one-million-dollar motor hotel at Lexington, Mass.

LOS ANGELES, Cal. (INS)—Thrifty Stores, Inc., formerly Fitzsimmons Stores, Ltd., announced today net income for the fiscal year ended March 30 rose 40 per cent to \$1,767,097, or \$2.42 per share. Sales were up 35 per cent to \$134,708,255.

## Wall Street Hears...

NEW YORK (INS)—Wall Street Hears: With recent increases in commercial paper rates, the street now feels a further hike in the federal reserve discount rate is possible. The present 3 per cent rate has been in effect since Aug. 24, 1956.

The market's strength in recovering from the fall on the President's illness last week remains the biggest technical factor supporting prices.

The shake-out a week ago, says Reynolds & Co.'s market letter, served the same purpose as another week or two of irregularity. Accordingly... The attack on last year's highs must be considered as already under way.

Full 1957 net of Pan American World Airways may approximate or moderately exceed the \$1.15 a share earned in 1956 without subsidy and equipment profits. Merrill Lynch, Pierce, Fenner & Beane foresees.

Looks like at least a 3 1/2 per cent rate on the Treasury financing in August—which indicates a considerable readjustment in prices for outstanding issues.

Net of Beryllium Corp. for first half could reach \$1.35 compared with \$1.10 a year ago.

Market comment—Walter Maynard of Shearson, Hammill & Co.:

"The market outlook for the second half-year thus remains on the whole selectively favorable. Careful purchases of institutional quality issues from such groups as steels, banks, insurance companies, electric and natural gas utilities should bring satisfactory results."

## Coin Club Plans Meeting At Park

## 43 Persons Summoned In Reddick Case

### Grand Jury Probe Starts In Petition Of Homeopathic Doctor

BALTIMORE (AP) — Forty-three witnesses have been summoned by the State in the grand jury probe of a petition circulated by Dr. Robert H. Reddick.

Reddick, fighting a running battle to keep the State Board of Homeopathic Medical Examiners in operation, had filed the petition to postpone the effective date of a new law dissolving the board.

Under the new law all licensing of Maryland physicians became a responsibility of an examining board named by the State Medical and Chiropractic Faculty.

Years ago the faculty represented one major branch of medicine and the State Homeopathic Medical Society represented another. But homeopaths are relatively rare these days and even most of them belong to the Medical and Chiropractic Faculty.

Reddick was involved in several court actions—because he issued licenses to persons the courts declared unqualified to practice medicine in Maryland. He had acted first as secretary-treasurer of the homeopathic society's board, then as a member of a "rump" board he set up after the original group ousted him in a controversy over the licenses.

The courts declared the "rump" board invalid and refused to recognize 75 licenses issued by Reddick.

The attorney general later ruled that Reddick's petition to block the new law abolishing the homeopathic examining board was invalid and "shot through with improprieties or worse."

The first 23 witnesses summoned before the grand jury investigating the petition have been called to appear tomorrow. The others are scheduled to testify Thursday.

## Fire Razes Local Home, Six Escape

Cause Of Morning Blaze On West Side Being Investigated

A young couple and their three children escaped death this morning when a double frame home was destroyed by fire on the West Side.

The four-alarm blaze broke out at 2:45 a. m. in the homes of Mr. and Mrs. Raymond F. Arnold, 5 Springfield Boulevard, and Richard H. Radabaugh, 3 Springfield Boulevard. Radabaugh owns the double-frame which is located across from the Kelly Springfield Tire Company plant.

Fire Chief Virgil Parker, making an inspection of the ruins this morning, said at noon that both the Fire and Police Departments are conducting routine investigations as to the cause.

### Found At Work

The blaze, he said, apparently started in the lower front room of the Radabaugh side, shot out through the door and ate its way into the Arnold side.

Police were unable to locate Radabaugh until he reported for work on the 7 a. m. shift today at the Kelly Springfield Tire Company plant. A man, reportedly in the Radabaugh home at the time the fire broke out, is also being sought. At noon the police knew the man only by his first name, Lawrence.

Firemen from West Side answered the first alarm at 2:55 a. m. and remained on the scene three hours. Engine 1 from Central Station answered a telephone call at 2:55, and was followed shortly by Engine Company 4 from East Side and the 83-foot hook and ladder truck.

### Makes Fast Start

The flames reportedly started in the front section of the Radabaugh home, and shot up as quickly as lightning, licking over the frame structure before little could be saved, but the lives of the people in the building.

Mr. and Mrs. Arnold and their three daughters, Karah, Jean, 12; Helene, 10, and Catherine, 8, were asleep when the flames started to roar, but were awakened by a neighbor.

Four members of the Cumberland Police Department, under the direction of Lt. John Sherry, reported to the scene and handled the traffic situation.

Telephone, electric and television lines in front of the structure were destroyed. A number of line men from the Telephone Company and Potomac Edison Electric Company were summoned to the scene at 4 a. m., and were still repairing lines this morning.

### Framework Stands

A spokesman for the phone company said approximately 37 lines, servicing 50 phones, were knocked out. None of the lines into the Kelly-Springfield plant was damaged, but one line into the PE River Plant was knocked out.

The entire interior of the double structure was gutted, and about the only thing left standing was the outside frame. All furniture and clothing in both homes went up in flames.

Although it has not been definitely established where the fire started, it is believed to have broken out in the front room of Radabaugh's home. A neighbor told firemen that she heard an explosion, and then noticed the flames licking the front of the building.

### Out Of Control

Each side of the building includes three bedrooms, kitchen, living room, dining room and a bath. Arnold said he had no insurance on his furniture.

The Arnold family was able to grab a few bundles of winter clothes, and spent the night with neighbors.

The house sits by itself on Springfield Boulevard, with the nearest home being approximately 75 yards away.

Chief Parker said the blaze was out of control by the time firemen arrived.

## BSA Council Sets Meeting

The annual business meeting of Potomac Council, Boy Scouts of America, will be held Thursday, June 27, at 6:30 p. m. at Antler's Big Savage Mountain Inn. Dr. Thomas Bess, Keyser, council president, announces.

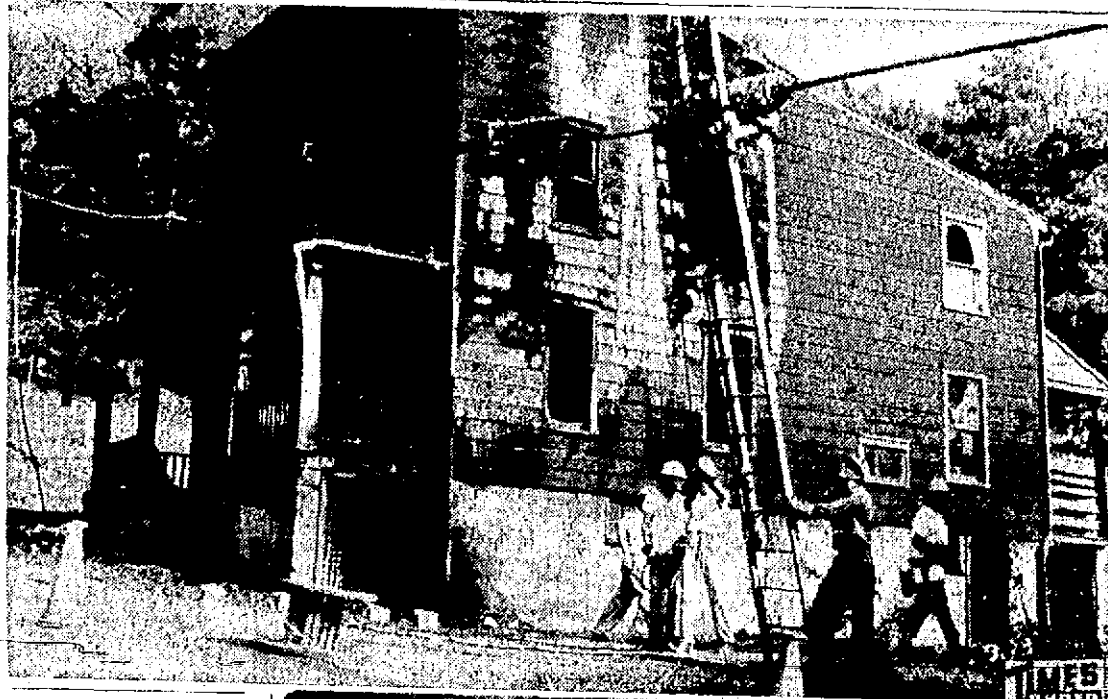

The session is for institutional representatives and council members, but Dr. Bess said all other adult Scouters are welcome to attend.

Items on the agenda will include a roll call of institutional representatives by districts, and reports of progress and objectives by council operating committee chairmen, district chairmen and council commissioner.

There will be nomination and election of council officers and executive board members for the coming year.

### Local Man Injured

John DeVault, 21, city, was admitted to Memorial Hospital yesterday afternoon after cutting his hand while working with sheet metal.

## County Board Accepts Bid For Property

Considerable Routine Business Transacted By Commissioners

The Allegany County Board of Commissioners today accepted the bid of Edward L. Bitner, RD 1, city, of \$2,000 for a tract of land and dwelling along the Mt. Savage School Road.

The property reverted to the county after the necessary land for the new road into the school was completed.

Other bids on the property were by Delbert W. Martin, Mt. Savage, \$800; Mr. and Mrs. Theodore Porter, Mt. Savage, \$500; Mrs. Collette Liller, Mt. Savage, \$510 and Charles R. Liller, Mt. Savage, who offered to pay \$10 more than the highest bidder.

### Bid Not Proper

Gorman E. Getty, attorney to the board, ruled that the bid by Charles R. Liller was not in proper form and could not be considered.

The board received a petition signed by 28 residents in which they recommended E. L. Rigglesman for the post of county humane officer.

A letter signed by eight members of the Mt. Collier Church on Williams Road requested that the pipe beneath the driveway of the church be extended five or six feet to eliminate a hazard to persons driving into the property.

Mr. and Mrs. I. C. Drake wrote the board to request that a ditch on the Johnson Road near their property be repaired. They said several cars had been damaged when they slipped into the ditch while traversing the road.

### Bonds Approved

The commissioners approved the bonds of Edward Willson and Angus Turnbull, inspectors for the Allegany County Board of Alcoholic Beverage License Commissioners.

An offer by the Typewriter Sales and Service of this city to furnish a new typewriter for the County Finance Department for \$180 was accepted. The company allowed \$40 trade-in on a machine 14 years old and also granted a \$10 discount making the net price \$130.

Dr. W. Ross Cameron, acting county health officer, notified the board that the request of two men to operate a restaurant and gas service station on Route 40 in LaVale was in order.

Charles M. Krebs and Irving Low, both of New York, had received prior permission of the county for the business place pending action by the Health Department on sewage and restaurant regulation observance.

## Ridgeley Man Hurt In Crash

Ralph M. Brant, 41, Ridgeley, is reported in "good" condition today at Memorial Hospital where he was admitted last night following a two-vehicle crash on West Virginia Route 28.

Hospital attaches said the man sustained a compound fracture of the right knee, possible fractured right shoulder and severe abrasions and lacerations.

State Police said Brant was driving a motorcycle and attempted to pass a truck loaded with chickens when the cycle sideswiped the truck and upset.

Police said the mishap occurred approximately four miles from Ridgeley on Route 28.

## Deed Recorded In Motel Sale

A deed recorded at the Court House today disclosed the sale of the Grand Motel on U. S. Route 40 at Allegany Grove to George B. Gray and Grace C. Gray, of Pitcairn, Pa.

Mrs. Ruth B. Maguire, widow of Robert H. Maguire, sold the property, consisting of 12 units, for an estimated \$42,000, according to tax stamps on the deed.

FIRE SCENE — The top photograph shows what is left of the gutted double frame structure on Springfield Boulevard which was burned early this morning. The lower picture shows Raymond F. Arnold, who along with

his wife and family resided in one side of the building, holding his wife's wedding ring which was found in the debris. Mrs. Arnold and James Crippen, a neighbor, are looking at the ring.

## Reservoir On County Land Under Study

For the past six or seven years the Allegany County Board of Commissioners has been plagued during the summer months by complaints over the use of an abandoned reservoir on the county farm property on Williams Mountain.

Just about every remedy in the book has been tried to discourage adults, from using the reservoir as a swimming pool. Originally the reservoir had been covered over with timbers. Fences have been erected and subsequently torn down, the pool was drained and the release hole later plugged up by youths.

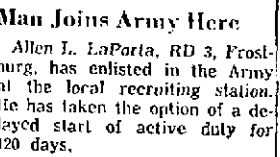

Two youths suffered badly cut legs a few days ago while using the reservoir as a swimming place. One of them had a cut that required 10 stitches to close.

The commissioners today pondered their next move at today's session of the board. Commissioner James Orr suggested that the reservoir be filled in with rocks and earth. It was indicated.

### Man Joins Army Here

Allen L. LaPorta, RD 3, Frostburg, has enlisted in the Army at the local recruiting station. He has taken the option of a delayed start of active duty for 120 days.

COOLING, BUT DANGEROUS — The idyllic scene above was taken at the abandoned county reservoir on Williams Mountain as a number of boys and several adults sought relief from the heat wave. The Allegany County Board of Commissioners,

## Missing Mother Gets Sentence

A 30-year-old local mother was sentenced to one year in the Maryland Reformatory for Females this morning in Juvenile Court.

Magistrate Fred H. Anderson then suspended the sentence and placed the woman, Mrs. Wanda Lee Hager, on probation for one year.

Magistrate Anderson warned the woman that she must remain at home and care for her three small children.

Mrs. Hager was reported missing from her home, 224 Gleason Street, last Monday and was arrested yesterday evening on a warrant charging her with neglect of her children.

Det. Thomas See of the Cumberland Police Department investigated the case.

## Dr. J. Kile Cowherd Will Probated Here

The will of Dr. J. Kile Cowherd, who died June 8 was admitted to probate today in Orphans Court. The Liberty Trust Company was named as executor and posted \$3,000 bond.

Under the will his widow, Mrs. Grace G. Cowherd is left person and property and the home. The Liberty Trust Company and his form while working at the mill, daughter, Mrs. Louise C. McAlpine, Rock Hill, S. C., are named to administer a trust under terms of the will.

## Civil Service Report Made Before Board

The Allegany County Commissioners received a report today from Gorman E. Getty, their attorney, concerning work done on setting up the new county Civil Service system.

Getty said the biggest part of the project is arranging the various classifications of county employees. After this phase is completed, then the question of salary scales and hours of work will be decided upon by the board.

Getty said he has received much help from Wallace G. Ulery, clerk for the Mayor and Council of Cumberland, on working out the program for the county. He said the city has a very good personnel record system, which will probably be followed in the county setup.

The commissioners received a letter from Fire Chief Virgil A. Parker of Cumberland concerning an inspection of Sylvan Retreat.

### Workman Injured

Douglas Innes, 45, Frostburg, an employee of the E. J. Albrecht Company, was injured yesterday when he fell 20 feet from a platform while working at the mill, fund of the state agency as required, according to James Phillips, Baltimore, attorney for the state.

Phillips has failed to pay into the unemployment compensation fund of the state agency as required, according to James Phillips, Baltimore, attorney for the state.

## Hot Weather Holds Grip On District

Some Cool Air May Reach Section By Tomorrow Evening

The old saying "It's not the heat but the humidity" certainly applies to Cumberland's weather situation today.

For local weather records reveal the month has not been exceptionally hot temperaturewise. The official observer at Constitution Park, Robert R. Golden, says "I don't think it is unusual."

So far this month there have been only four days with 90-degree readings or better with the highest Sunday when 92 registered. Today threatens to be the fifth and might even be the hottest.

In June last year, nine days were under 80 degrees but the high reading was 95. In 1955 the temperature failed to hit 90 although there were several 89 days. In 1954 the month's high reading also was 95.

### Humidity Worse

If anything this year, the humidity has been worse, Golden said. Today, for example, visibility is only six to eight miles and there is fog—evidence that humidity is high, he said.

Golden said Washington weather observers expect some cool air in the area by tomorrow evening. But until then, the present warm, humid spell will continue with a chance of showers this evening. Low tonight will be in the high 60's.

Yesterday the temperature soared to 91 while the overnight low was 68. At noon today it was 88, two degrees higher than at the same time yesterday. Humidity was 70 per cent compared to yesterday's 66 per cent.

### Pool Attendance Up

Attendance at Constitution Park pool reflects efforts of local residents and youth to escape the heat.

Since last Thursday, pool attendance totaled 3,569 through yesterday, compared to 1,730 during the same period a year ago.

The state as a whole is also gripped by the heat wave and the toll of drownings and other deaths linked to the weather climbed to six today.

Another death was described as a possible result of the steaming weather. The victim, 75-year-old Harold C. Hann, was found dead in his Baltimore apartment.

### Other Victims

One of the drowning victims was 9-year-old Andre Wilson of Baltimore, who fell into Jones Falls on the city's north outskirts.

Other drowning victims: Burl M. Hyer, 27, of Baltimore, while swimming in Chesapeake Bay near Edgemere.

Arthur Beirer, 38, of Havre de Grace, while swimming in Swan Creek near his home.

Eugene K. Thomas, 30, of Bluemont, Va., whose body was recovered from Swain's Lock of the Chesapeake and Ohio Canal. Police said he apparently had tried to wade across the stream.

Edmund J. Harvey, 45, of Linthicum, while swimming on Morley Creek near Point Pleasant.

John Richard Rice, 14, of Bailey's Crossroad, Va., while swimming with friends from a boat on the Potomac River between Great Falls and Seneca.

## Action Against Barber Heard

Testimony was started today in Circuit Court before Associate Judge Morgan C. Harris in the case of the State Employment Security Board against P. L. Phillips, trading as Tip Top Barber Shop.

Phillips has failed to pay into the unemployment compensation fund of the state agency as required, according to James Phillips, Baltimore, attorney for the state.

The body will then be taken to the Paul Griffler Funeral Home in Turbotville, Pa. Interment will be in St. James Catholic Cemetery at Exchange on Friday.

## L. L. Helmer Resigns Post At Celanese

Former Local Manager Served Five Days As Firm Vice President

The resignation of L. Leslie Helmer, former Cumberland, as an official of Celanese Corporation was reported here today.

Helmer had been director of industrial relations for the firm in its New York office since March 1, 1953.

Last week he was promoted to a vice presidency upon the retirement of Edward R. Allen, vice president in charge of industrial relations, but on Friday submitted his resignation.

Helmer had been with the company for 16 years. He formerly was employed by the N. & G. Taylor Co. He began his Celanese service in the Amcelle Plant personnel department in 1941.

He served as assistant superintendent of the department and in 1949 when Allen was transferred to New York, became superintendent of the department.

In July 1951 Helmer was promoted to assistant plant manager and served as plant manager from March 17, 1952 to March 1, 1953.

The son of Mrs. George L. Buchanan, The Dingle, and the late L. Leslie Helmer, he was born in Cumberland July 27, 1911.

He was educated at Allegany High School, Tome Institute and Washington and Lee University.

He and his family reside on Wakeman Road in Darin, Conn.

## Camper Club Again Elects Syckes Head

S. Lura Syckes was reelected president of the Camper Club at its final meeting of the school year in Allegany High School.

Other officers of the Allegany "organization" are John Yoder, vice president, and Dr. John Gorman, treasurer, and Nancy Taylor, secretary.

The club voted to purchase new uniforms for the majorettes and color guard of the senior band, and for the cheerleaders.

The organization will sponsor a training table for the football team. The players will be taken to a local restaurant the day of a game so they all can eat together Syckes said.

The practice equipment used by the football team will be overhauled before the season starts.

Again the club will sponsor the program for the Thanksgiving Day game with Fort Hill High School.

Plans were discussed for the membership drive to be held this fall when school reconvenes.

On graduation night, the Camper Club sponsored a dance for the Class of 1957.

The next meeting will be held in September, Syckes reported.

## Liquor Board Makes Change

The Allegany County Board of Alcoholic Beverage License Commissioners today granted the application of John Blank for the transfer of a beer, wine and liquor license from the Workman Restaurant, 84 East Main Street, Frostburg, to Zihlman.

Blank has had a beer license in Zihlman and operates a tavern and grocery store in one premises. His attorney, W. Earle Coby, informed the board that his client had erected a building on the next lot and would move the grocery business there.

The liquor license was held by Anna Workman, widow of John Workman. The restaurant had been in operation for many years in Frostburg. The license transfer is effective tomorrow.

The board also granted a Class D beer permit to William R. Footen, 18 Main Street, Westernport. The license was formerly held by Richard J. Ryan.

Stanley O. Hamilton, board chairman, and Howard Vandenberg, Benjamin A. DeMoss, Hagerstown, eight grandchildren, and three great-grandchildren.

The body is at the Kight Funeral Home.

Mrs. James C. Dennin

Mrs. James C. Dennin, 89, formerly of Exchange, Pa., died this morning at the home of her daughter, Mrs. Paul W. Horn, 321 Pulaski Street.

She was the widow of Bryan C. Dennin, and lived most of her life near Exchange.

Besides her daughter, she is survived by another daughter, Mrs. George E. Nadolske, Port Allegany, Pa.; ten grandchildren and eight great-grandchildren.

A requiem mass will be celebrated tomorrow at 9 a. m. in St. Patrick's Catholic Church, after which the body will be deposited in the Stein Funeral Home where friends may view the body Wednesday evening.

The body will then be taken to the Paul Griffler Funeral Home in Turbotville, Pa. Interment will be in St. James Catholic Cemetery at Exchange on Friday.

## LaVale Voting Reported Light

Voting was light this morning in LaVale Fire Hall in the referendum on the proposed District 29 zoning issue.

By noon, county election officials reported 150 persons had voted on whether or not to place District 29 under zoning, and secondly, on the constitution of the three-member board that will set up the regulations.

Last night one of the six candidates withdrew. He was James L. Robertson, of Dressman's Addition, district manager of the Social Security administration here.

He said he would like to serve, but will be unable, for personal reasons, to hold membership on the board.

Voting will close at 7 p. m. today in the LaVale Fire Hall.

## Gas Proves To Be Costly

Three South End men have to "cough up" \$30 for the \$1.25 worth of gas they admitted siphoning from a parked truck on Olcott Street.

Trial Magistrate J. Milton Dick fined Randolph Silvious, Jack H. Jones and Robert O. Barnsticker each \$10 and ordered them to pay \$2 court costs.

They pleaded guilty to a petty larceny charges involving the siphoning of a little over four gallons of gas from the trucks of the Morris Motor Trucking Company.

Lt. James E. Van, of the city Detective Bureau, said the three men had been seen at the trucks and when confronted admitted the larceny.

They were also given 60-day sentences in the County Jail, but these were suspended for two years on condition they refrain from consuming alcoholic beverages.

(Continued from Page 11)

The institution is inspected so that the license under the state program may be renewed.

Chief Parker said frame buildings built onto the west side of the building and formerly used as a garage and workshop should either be repaired or razed. He said they pose a threat to the Retreat from fire.

Chief Parker also urged that unused rooms and archways in the basement of the Retreat be sealed off to prevent any quick spread in case fire ever broke out.

The commissioners said they would check into the situation at their meeting next week at the Retreat when the county institutions are visited.

## Technicians Ready To Aid Cancer Work

**Six Young Women Taught To Recognize Early Stage Cells**

BALTIMORE (AP) — Six young women technicians have completed the first training course given under Maryland's new program to eliminate cervix cancer as a major cause of death among women.

The technicians have been taught to recognize cancer cells in the "smear" test, a painless method of diagnosis which reveals cancer at a stage where it is virtually 100 per cent curable.

The young women were trained at the University of Maryland School of Medicine by Dr. John K. Frost, associate professor of pathology, and his staff.

Another half-year course will begin at Johns Hopkins University School of Medicine in the fall and about 20 prospective applicants already have expressed interest in the class. Dr. Frost will continue to give the course alternately at the two medical schools.

Dr. Frost was brought to Maryland from California by the two medical schools and the Maryland division of the American Cancer Society which earmarked \$40,000 for each school to launch the program. The federal government also has made grants of \$31,000 to each school.

Dr. C. Bernard Brack, who heads the gynecological radiology clinic at Hopkins, said that within five years enough trained technicians should be available for hospitals and private laboratories to test every Maryland woman annually for the early detection of cervix cancer.

Dr. Brack said the disease could be practically eradicated as a death cause in Maryland if the women of the state cooperate in sufficient number by submitting to yearly tests.

At present, cervix cancer accounts for 10 per cent of the cancer deaths among women. But Dr. Brack said a study made at Hopkins revealed that between 1940 and 1950 the cure rate rose from 23 per cent of all cases to 57 per cent.

A statistical analysis of the cases showed the increase in cures could be ascribed to earlier detection.

## Reservoir

(Continued from Page 11)

ed this would probably be the method used.

Ort said that by filling in the reservoir the hazard would be removed and the pool could be cleaned out if it were ever needed in the future.

The commissioners are loath to have the reservoir torn out as it is built of huge stones and is an excellent piece of workmanship. It was also noted that some use of the reservoir might be made in the future.

## Riders Plan Picnic

The Potomac Valley Riding Club will hold its annual picnic on Sunday at Edward Hare's camp on the South Branch. The affair will be held from 2 until 6 p. m.

## Two Young Drivers Get Prison Terms

**"Game Of Chicken" Took Lives Of Two Teenage Girls**

HAGERSTOWN (AP) — Two young drivers, whose "game of chicken" ended in a crash which took the lives of two teenage girls, today were sentenced to three years in jail.

James E. Horst, 19, and Donald Eugene Smith, 19, both of Hagerstown, were sentenced by Judge D. K. McLaughlin.

The judge called the case "one of the most exasperating the court has experienced."

"I cannot erase from my mind the sudden death of those children," he said.

Both boys were convicted of manslaughter by automobile. Three years is the maximum sentence.

Phyllis Eklund, 15, and Nancy M. Smallwood, 13, both of Hagerstown, were killed in a head-on collision last Dec. 15 on a narrow Washington County road.

During Smith's trial, Horst testified Smith had suggested "we go to the Woodmont Road and play chicken."

He explained to the judge that in the game "two autos go toward each other and the one that swerves out of the way first is chicken."

In sentencing the boys to the county jail instead of the Maryland House of Correction, the judge said they would be eligible for parole and supervision in the same manner as if they were sent to the state institution.

Interment will be in the Ebenezer Cemetery.

**Keller Services**  
FROSTBURG — Services for John S. Keller, 59, of 52 West Main Street, who died Sunday in Miners Hospital, will be conducted tomorrow at 2:30 p. m. at the Durs Funeral Home. Rev. Paul V. Taylor will officiate and burial will be in Zion Evangelical and Reformed Cemetery.

## Bums March Into Fourth To Tune Of 'Danny Boy'

By TONY GALLI  
NEW YORK — (U.S.) — The Brooklyn Dodgers, who skidded into fifth place singing the St. Louis Blues, have marched back into the first division to the tune of Danny Boy.

Danny McDevitt, a rookie southpaw who was working for St. Paul as late as last Friday, led the National League champions out of the woods last night by throttling the Cincinnati Reds, 7 to 2, in his major league debut.

Besides holding the Rhinelanders to two runs in their own back yard, Danny Boy struck out 11 men with his combination of fast balls, sinkers and curves and scattered seven hits.

When dangerous Don Hoak went down swinging with two men on base in the final inning, the Dodgers were back in fourth place just two games off the pace and Cincinnati had tumbled from third to fifth.

Pirates Trip Braves

Milwaukee's lead over St. Louis was trimmed to one game on a 7-4-5 loss to Pittsburgh. Philadelphia took over third place by two percentage points. No other games were scheduled in either league.

The 24-year-old New Yorker, now a resident of Greenwood, Miss., did it under conditions which might have deterred less gifted pitchers. He had struck out five men and given up three hits when a downpour halted play in the fourth inning.

McDevitt had an hour and seven minutes to cool off but calmly returned to saddle the Reds with their seventh loss in the last eight games.

McDevitt, with five walks, did not have razor sharp control but enough to keep the Redleg bats loose. He also contributed a squeeze run that scored the winning run in the second inning.

McDevitt's performance was welcome news to Flatbush. The Dodgers had dropped eight of their last ten games, including a doubleheader loss to St. Louis the day before.

Before the game, the Dodgers received more bad news. After X-rays of their ailing arms, Johnny Podres and Sandy Koufax were sidelined for treatment, further depleting Brooklyn's sagging pitching staff.

Alston Suspended  
And manager Walt Alston was suspended for three days and fined \$75 "for the language he used" in his dispute with umpire Frank Secora at Ebbets Field Sunday.

League president Warren Giles also slapped stopper Pee Wee Reese with a \$50 fine for protesting a third called strike too vigorously. Both men were ejected Sunday.

So with coach Billy Herman directing the club, the Dodgers jumped Johnny Klippstein for three runs in the second inning, another in the fourth and three more in the curious ninth.

The game was won when Gino Cimoli homered, Roy Campanella singled, Charley Neal tripled and McDevitt squeezed home Neal.

Neal got the third of his three hits in the ninth, Jim Gilliam singled and stretched it to a double on the overthrow to second base and Reese was intentionally passed to get to Duke Snider.

'Come And Get Me'

Brooks Lawrence then walked Snider and forced in a run and hit Carl Furillo with the first pitch to force in another. Furillo carried his bat halfway to first, exchanging remarks with the pitcher. Burly first baseman Ted Kluszewski came out to stand between Furillo and Lawrence with the Redleg hurler telling Furillo to "Come and get me, if you want me."

To round out the bizarre inning, Cimoli flied out and a runner easily scored when Frank Robinson thought it was the third out and started coming in with the ball.

LITTLE LEAGUE MARCH—Cumberland's three-division Dapper Dan Little League was scheduled to get under way with three games today following last night's Booster contest at Penn Avenue Field. Approximately 1,200 fans turned out for last night's contest which featured all of the league's 12 teams. The above photo was taken shortly before the players and managers paraded to the field. In a series of two-inning games, the Red Sox beat the Athletics, 7-4; the Phillies downed the Senators, 2-1; the Braves topped the Yankees, 3-0, and the Indians tripped the Pirates, 3-0. The Giants battled the Dodgers and the Cards played the Tigers in a pair of two-inning scoreless ties.

Kiwanis Club will try to break into the Hot Stove League win column for the first time and the Jaycees will be shooting to keep their record clean in a twin bill this evening at Penn Avenue Field.

The first game of the twin-bill sends Kiwanis against B'nai B'rith (1-2), starting at 6:15. An hour later the Jaycees (2-0) tangle with the Lions (1-2).

Joe Gallen's Rotary Club remained as the "winningest" team in the league when it turned back the BFO Elks, 6-4, yesterday at Fort Hill for victory No. 4. The loss was the Elks' first in four starts.

Frankie Brode went the route for the Rotarians and notched his second win.

Rotary scored two runs in the first inning on triples by Brode and Jim Rice and Joe Ranker's sacrifice fly, but the Elks took a 2-2 lead in their half by grouping two walks with a single and two errors.

Rotary tied the count at 3-3 in the second on Steve Klavuhn's single and outfield error.

In the fourth the Elks forged ahead when Comer was hit by a pitched ball and completed the circuit on two infield errors.

Joe Ranker struck the winning blow for Rotary in the fifth when he belted a homer after Brode had walked. Billy Ritchey's single and "Pooch" Manges' double produced the final Rotary tally in the sixth.

Ranker batted in three runs with his homer and sacrifice fly and Ritchey had two hits for the unbeaten Rotarians. Glen Shipwrecked a single and drew two walks for the Elks.

The Optimists defeated Exchange Club at East Side by the score of 15-5 in an afternoon game.

The Optimists collected 12 hits and scored seven of their 15 runs in the fifth frame.

Dick Peck slammed a triple and two singles. Stewart banged a pair of doubles and Bill Sheetz, blasted a homer for the winners. Carl Puffenberger pounded a double and two singles to spark Exchange Club at the plate.

Mike Long got credit for the win while Phil Ketterman was the loser.

## Schoendienst Deal Leaves Braves Minus Left Fielder

MILWAUKEE—(AP)—The three-for-Red Schoendienst deal engineered by the Milwaukee Braves left nothing to be desired at second base, but left field may prove to be something of a problem.

In the weeks and hours preceding the announcement

Saturday night that the Braves had acquired Schoendienst in exchange for leftfielder Bobby Thomson, second baseman Danny O'Connell and right-handed pitcher Ray Crone, the National League leaders had two things in mind.

One was to strengthen their hand at second, which they did. Schoendienst has few, if any, peers at the position although at 34 he has slowed a step or two. The other was to buttress left field—which they didn't.

As late as Saturday night, it was learned that Braves' General Manager John Quinn tried to get Walt Moryn from the Cubs or Gus Bell from Cincinnati. In the last few weeks, he also was reported to have tried to land the Pirates' Frank Thomas, the Giants' Don Mueller and Del Ennis of St. Louis.

Who is going to play left field for the Braves?

The answer, apparently, must be given in plural.

Wes Covington, a left-handed power hitter and veteran Andy Pafko who swings from the right side of the plate, probably will divide the duties.

Pafko played last night and got three hits although the Braves dropped a 7-5 decision to Pittsburgh.

Bonus baby John De Merit, fresh off the University of Wisconsin campus, also may see some action.

The Braves yesterday recalled the 23-year-old Covington from their Wichita, Kan., farm team in the Trips "A" American Assn.

## Caseys Advance Into No. 2 Spot

Knights of Columbus moved into second place in the City Softball League yesterday evening by blasting Blue Ribbon Bakery, 13-4, at Sitcher Field.

The win was the Caseys' third against two setbacks. Potomac Valley's Hermans lead the league with a 5-0 record.

George Harris held the Bakers to four hits and struck out six. Bob Mattingly led the Knights at the plate with three hits and Donnie Madden hit safely twice. Rickey Harris featured at third base for the winners. "Whiz" Whisner and Roy Perrell shared the Bakers' four safeties. There were no extra-base hits in the game.

## Pushbutton Fishing Discovered In Virginia

CHESTER, Va. (U. S.) — Paul Hilliard's fishing technique gets results but the equipment is costly.

He landed a five-pound, 13-ounce bass with a \$75,000 power shovel while working on the Richmond-Petersburg toll road beside the Appomattox River.

Sitting high in his cab, Hilliard spotted the flick of a fin in the water below. He released the giant scoop and plucked the stunned fish from the water and flipped it ashore.

Three Games On Tap In Pen-Mar Kids Play

Three of the four games that were played yesterday in the Bi-State Pony League were decided by one run, only undefeated Ellerslie having an easy time.

Cresaptown nosed out Midland, 4-1, in a ten-inning thriller at Cresaptown. Mi. Savage nipped LaVale, 3-4, in another overtime game, an eight-inning affair at Savage; Frostburg was nudged, 4-3, at Lonaconing, and pacesetter Ellerslie breezed to a 13-4 conquest of Corriganville at Ellerslie.

Ellerslie will attempt to add to its record this evening when it plays at Frostburg in a postponed game, starting at 6 o'clock.

Retire After Nine

In the contest at Cresaptown, Tommy Cecil and lefty Wayne Johnson hooked up in a pitching duel but were forced to retire due to league rules in the ninth inning with the score knotted at 1-1. Midland's Johnson struck out 17, Gary Clinger and Bill Green took over the pitching chores and the former was returned the winner when Tommy Cecil walked, Dave Kamauf singled and Gary Cecil doubled to send over the run that decided the contest. Clingerman struck out the side in the tenth.

### Ward Sitting Out Tourney After 'Slap'

DALLAS, Tex. (AP)—Harvie Ward, the national amateur champion who's in the USGA's doghouse over expense money, plays a practice round while the Trans-Mississippi Golf Tournament is going on today. And to hear him tell it, practice will be about all the golfing he'll do for the next 10 months.

Ward withdrew from the Trans-Mississippi yesterday during a turbulent day that saw the USGA in a form of officials it considered a professional and subtly suggest that he be dropped from the tournament.

Under Probation

The handsome young man from San Francisco is under 1-year probation because his boss, Eddie Lowery, a former USGA committeeman, paid his expenses to golf tournaments. He had just played in the National Open at Toledo under his "application for reinstatement."

Bob Goldwater of Phoenix, Ariz., president of the Trans-Mississippi, didn't tell Ward to withdraw here but he left it up to the two-time amateur king, saying "We made a mistake in the first place in inviting Harvie because we did not completely understand the meaning of the USGA's 1-year probation ruling."

Ward withdrew "rather than cause any embarrassment to the Trans-Mississippi or the USGA."

Invited To Play

Ward said he had come here to play, that Joe Dey, USGA executive secretary, had told him he could participate in any open tournament that would accept his entry while under probation.

Goldwater said Ward had been invited to play in the Trans-Mississippi before the probationary action of the USGA and that Ward had remained in the field because the Trans-Mississippi didn't think the probation meant he couldn't play. But yesterday, as the Trans-Mississippi opened with qualifying rounds, Dey sent a telegram to Goldwater saying "Ward is not an amateur golfer."

Goldwater then called Dey in New York and said he learned that the USGA definitely intended to take away Ward's amateur standing for a year and to penalize him.

Montana High School Boasts One-Man Team

RYEGATE, Mont. (AP)—If John Wzresinski of Ryegate had been a one-man team he wouldn't have won the track meet, but he'd have come close. As it was, Wzresinski took first place in the high hurdles, low hurdles, 100-yard dash, 220, pole vault, high jump, broad jump, discus and shotput to score 45 of his team's 106 points in a three-way Class C High School track and field meet. Broadview's team got 46 points and Lavinia 42.

## Lower Clubs Can Scramble 'Chair Chase'

If ever the second-division clubs in the Rocking Chair Softball League had a chance of scrambling the race, they have it this evening.

Ritter's AC will meet unbeaten Outdoor Club at Fort Hill Field. Last-place Celanese is host to runner-up Veterans of Foreign Wars at Celanese Field and sixth-place Moose meet third-place Elks at Allegany Field.

Ritter's gave ODC fits before losing out in eight innings, 5-4, the first time they clashed. The ACers are only a game out of the cellar with a 1-7 record while Outdoor Club has yet to lose in eight outings.

Celanese is still looking for its first triumph after seven setbacks and could tighten the race if making VFW its first victim. The teams had their first game postponed. The Vets are in second place with five wins and two defeats.

Moose and Elks also had a close clash in their opening tussle with the BPOmen coming out on top, 9-7. The Moose team has lost five of nine games with the Elks boasting a 6-3 mark in third place.

Knights of Columbus and Pittsburgh Plate Glass will meet in today's other contest with their tilt set for Allegany Field. The teams are deadlocked for fourth place with 4-4 records.

The Caseys, victors in three of their last four attempts, were nipped, 8-7, by the Glassers in their only previous game. Pittsburgh Plate has lost two of its last three showings.

All four games are to begin at 6:15.

## Big Baseball Names Wait On Sidelines At Hearing

WASHINGTON—(AP)—Congress took time out today in its investigation of pro sports enterprises while the big names of baseball management waited on the sidelines.

Only one witness, Rep. Harris (D-Ark.), got to plead his case in person when the House Antitrust subcommittee opened hearings yesterday.

Sen. Atty. Gen. Victor R. Hansen, head of the Justice Department's Antitrust Division, submitted a prepared statement advising the subcommittee to study hard before deciding to grant professional sports immunity from federal antitrust laws. Then, the subcommittee recessed until tomorrow.

The Supreme Court has ruled that baseball is exempt from the antitrust statutes, but that professional football is not.

Baseball Commissioner Ford Frick, who watched among the

## Corgs Put Lead On Line Tonight

Corriganville, new pacesetter in the County Softball League, puts its newly-won lead on the line this evening against Burke's at the Corgs field.

Burkey's helped shove the Corgs into the pacing slot last Friday with a 10-3 rout of Maple Inn Old Germans. The Hermans and Corgs had been in a two-way deadlock for the position. Corriganville squeezed by Stringtown, 11-10, to take over first.

Maple Inn will be host to Stringtown in today's other contest. The Innmen have won six of nine games. Stringtown is in the cellar with its 2-7 record. Corriganville paces with seven wins and two losses while Burkey's has a 3-6 mark.

Both of today's tilts begin at 6:15.

Philadelphia rookie pitcher Don Cardwell won 15 games for Miami, Fla., of the International League in 1956.

## Olson To Attempt Comeback Today

PORTLAND, Ore. (AP)—Carl (Bobo) Olson, who says he's just as durable now as when he held the middleweight boxing championship two years ago, tries a comeback tonight.

He meets clever Joey Maxim, a former light-heavyweight titlist, in a scheduled 10-round bout here. Olson's manager, Sid Flaherty of San Francisco, figured Maxim was just the man to test whether Olson was ready to resume the big time ring pace.

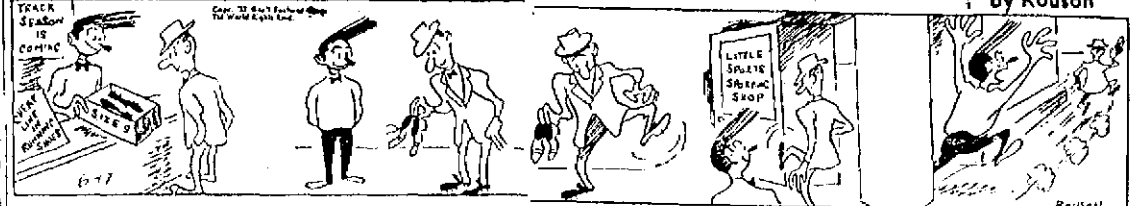

It was a major bout for Olson. He has been managing a Vancouver, Wash., night club near here since Flaherty last year decreed he should quit boxing—at least for awhile.

Harris spoke for his own bill, which would declare baseball, football, basketball and ice hockey exempt from antitrust jurisdiction. He said the government "has no business" getting involved with sports.

## Frostburg Forms New Shuffle Loop

A city shuffle-bowling league has been organized in Frostburg for the summer. Six teams are in the circuit and a ten-game schedule will get under way this evening.

Represented in the loop are Stadium Inn, VFW, DAV, Clarysville Fire Department, Tepee Tavern and Pappy's Place of National. All matches will be held on Tuesday evenings and decided by total pins. Starting time will be 8:30 p. m.

## Hoad And Gibson Named Top Seeds

LONDON (AP)—Wimbledon officials agreed with the gamblers, after the retirement of Shirley Fry and Maureen Connolly, and after Doris Hart turned professional, to name Lew Hoad and Althea Gibson of Australia as top seeds for the June 21-July 6 championships.

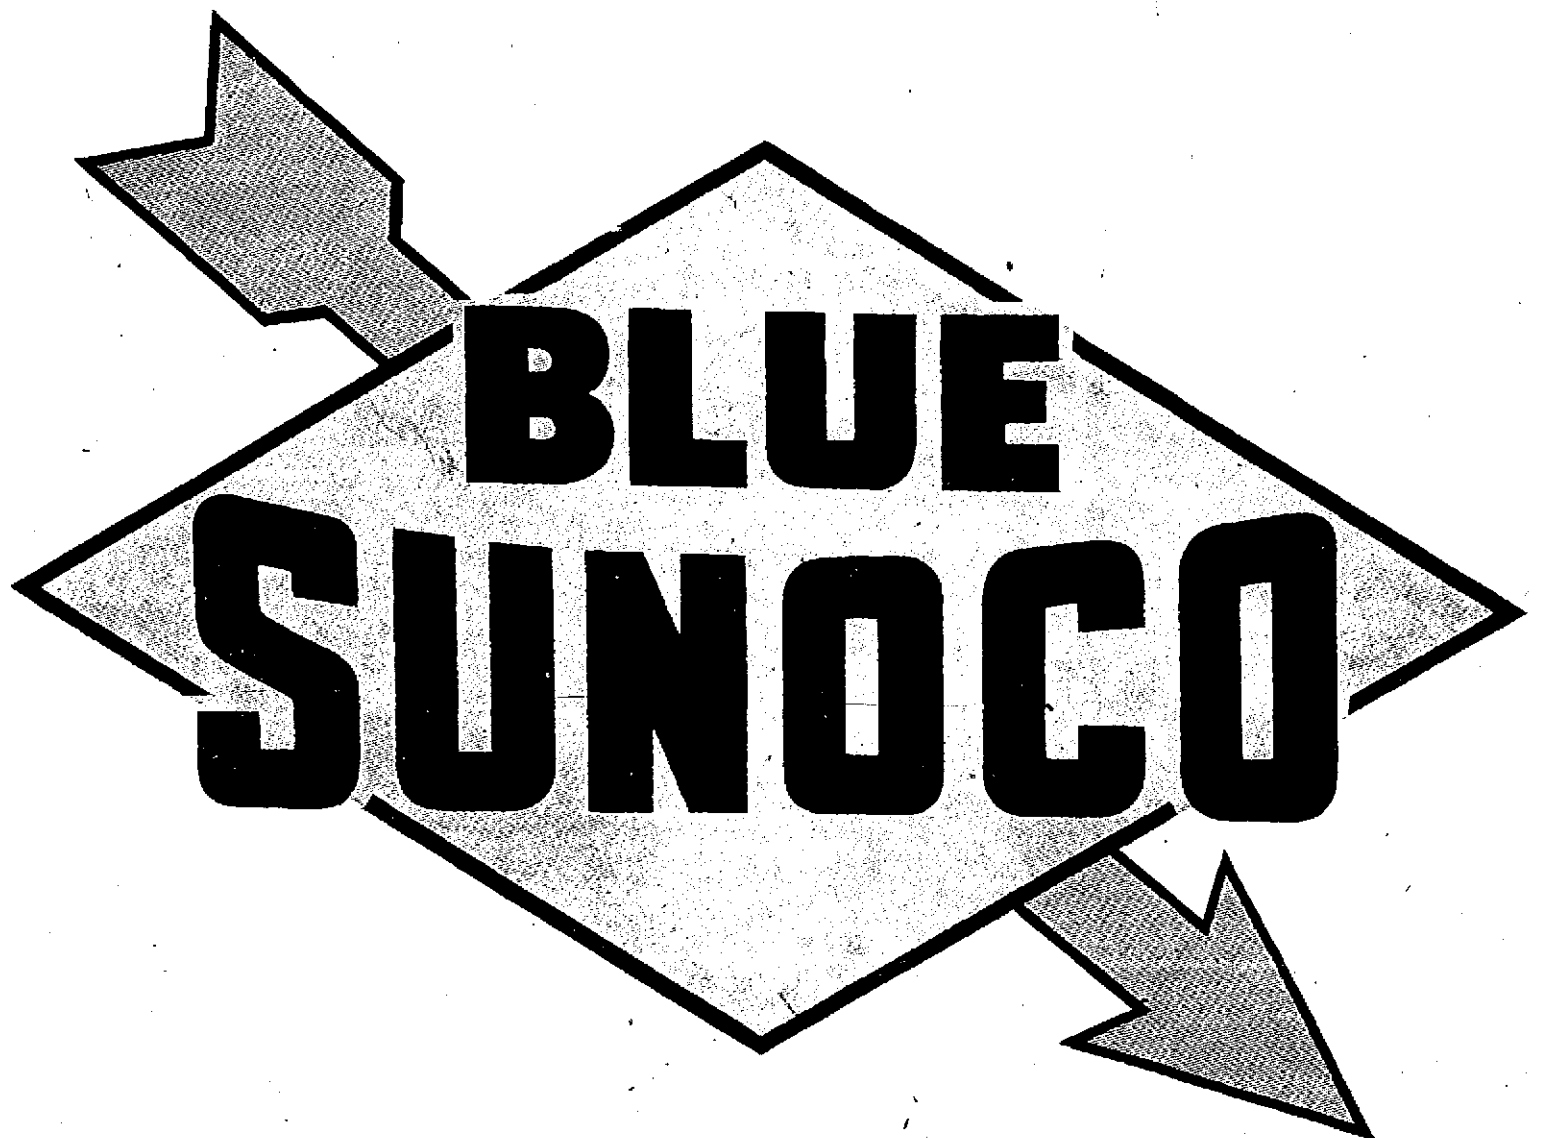

Hoad has been the overwhelming choice to defend his title successfully and become the first two-times winner of the world's premier tournament since Don Budge won in 1937-39. Althea Gibson inherited top place

If you think that such gadgets as the JTB are for experts only take a look at the North hand. You are playing in an ordinary game and your partner opens with what you know is a standard 16- to 18-point no-trump.

Your Horoscope

Look in the section in which your birthday comes, and find what your outlook is, according to the stars.

MARCH 21 to APRIL 20 (Aries)—Where can you improve your life? Think about it today, and work on it at least one improvement. Many good little things make up a grand whole.

APRIL 21 to MAY 21 (Taurus)—Some adverse influences now suggest that you carefully separate the chaff from the wheat, stay with your duties and keep to the straight road.

MAY 22 to JUNE 21 (Gemini)—Skeptical methods will help activities greatly. The day offers benefits, but you will have to do things right. You must have a head on your shoulders.

JUNE 22 to JULY 21 (Cancer)—Talk matters over calmly, reason out difficulties or differences rather than get upset and have heated discussions. You may meet an old acquaintance.

JULY 22 to AUGUST 21 (Leo)—Here is a day in which to become better acquainted with yourself and your friends; enjoy children's company, help others to smile and be happy. Your attitude will set an example.

AUGUST 22 to SEPTEMBER 21 (Virgo)—Make up your mind you are going to remain calm no matter what comes up in this world. You will have things with less trouble, and not be overworked.

SEPTEMBER 22 to OCTOBER 21 (Libra)—Plans not completely fulfilled can be made more efficient now. Private matters may require delicate handling, but can be successful. Bolster hope and confidence in others, and your own will increase.

OCTOBER 22 to NOVEMBER 21 (Scorpio)—Wishing best does not make people well. But anxiety, hate and envy are ineffective. Strike that steady, progressive happy medium and take time off for relaxation occasionally.

NOVEMBER 22 to DECEMBER 21 (Sagittarius)—The outlook may seem to be "inactive," non-committal. But you can turn the tide to achievement with faith, consistent endeavor and optimism; give generously of sagittarius' self-reliance and enterprising talents.

DECEMBER 22 to JANUARY 21 (Capricorn)—This day's influences are more auspicious than you may surmise at first. Your knack for making good deductions will help considerably.

JANUARY 22 to FEBRUARY 21 (Aquarius)—Uranus in excellent aspect now, stimulates high farthest, outdoor pursuits, electronics, aeronautics, experiments, the initiation of new methods.

You also know that you would much prefer a two heart contract to a one no-trump contract but experience has taught you that no matter what agreement you have with your partner, he is going to bid again if you bid two hearts.

Hence, you have to choose between an unsatisfactory pass and an unsatisfactory bid.

Playing the JTB you simply respond two diamonds. He will rebid to two hearts and you will pass. He will glare at you but when he sees the dummy he will relax and play your side's best contract.

South has no trouble making his two heart contract. He lost two clubs, one diamond and the two high trumps.

East and West would have made three spades if they had been able to get into the bidding but the transfer bid had managed to shut them out.

West had a pretty good hand but could not afford to act over the opening no-trump. When the bid came around to him the second time he would surely have made a takeout double if he had known North was weak, but the transfer bid could have been with a strong hand just as well. Hence West had to pass the second time.

When North passed at two hearts East knew what was going on but he could not afford to act. He had a bad hand himself and it was far too dangerous for him to stick his neck out. Hence North and South were able to buy the hand.

Q—The bidding has been: South West North East 1♠ Pass 2NT Pass

You, South, hold: ♠KQJ955 ♡AQ13 ♦A2 ♣6

What do you do?

A—Bid three hearts. You have no intention of playing hearts but are on your way toward a slam and may want to get to seven eventually.

TODAY'S QUESTION

Your partner rebids to three spades. What do you do?

ers and scouts in Frostburg must be extended field service. Training classes for leaders will be open to the Frostburg people. Their troops will get professional counseling, and programming will be extended to the area. It was also agreed that adult Girl Scouts there should begin receiving a pair of scissors, to break open the choir offering box near the entrance of the building while the service was in progress.

It was uncertain how much money might have been taken, but Pastor Snyder estimated about \$1,000 was unattended in the choir box and in the regular offering, which had been moved to the sacristy during the service.

Several men heard the noise of the box being broken open, rushed out and found it empty except for one envelope.

Last winter someone broke into an offering box at the church and stole about \$25.

City Police Detective Thomas J. Sney was investigating.

Church Offering Reported Stolen

The collection at St. Luke's Lutheran Church was reported stolen during services on Sunday.

Rev. William R. Snyder, pastor, said someone apparently used a pair of scissors to break open the choir offering box near the entrance of the building while the service was in progress.

It was uncertain how much money might have been taken, but Pastor Snyder estimated about \$1,000 was unattended in the choir box and in the regular offering, which had been moved to the sacristy during the service.

# Mental Illnesses Should Get Prompt Treatment

Editor's Note — This is the third in a series of three articles on mental health prepared by Dr. George S. Stevenson, medical consultant, National Association for Mental Health in cooperation with the Allegany County Mental Health Association.

Almost every time mental illness strikes, there is unnecessary suffering for both relatives and patients. Most people are completely unprepared and bewildered when one of their loved ones becomes mentally ill because there is still so much shame connected with mental illness, so much ignorance about its nature, and about the kind of treatment available.

Relatives would save themselves a great deal of heartache if they would accept the fact that mental illness is an illness, can like any other, to which some individuals are subject and to which modern medical science has found many of the answers. It's hard to accept the fact that someone in one's own immediate family is showing the signs of what may be a mental illness. It's so much easier to believe that the relative is "just run down" or "high-strung," and to hope that with a change of diet or a vacation he'll soon be himself again. But it is very unwise to postpone treatment on this basis. Generally speaking, the sooner the mentally ill person receives medical treatment, the better his chances for recovery.

When the doctor recommends hospitalization, it is painful for many families to agree to send their sick member to a mental hospital. They may have the old-fashioned idea of an "insane asylum"—a place where people are "put away." They do not understand that the modern hospital is a hospital like any other hospital, where people go so that they can receive skilled treatment and special care. No family, no matter how devoted, can give a patient the kind of care and treatment he can receive at a modern mental hospital. There are so many problems which arise when there is mental illness in the family—how to get the relative admitted to a hospital, how to take him there, how to visit him there, and finally, how to help him to become readjusted to the life of home and community.

To smooth the path for both the relative and patient, to provide the answers which relatives would find it difficult or even impossible to find elsewhere, the National Association for Mental Health has published a small book called, "Mental Illness: A Guide for the Family." A copy of this book can be obtained without charge by writing Mrs. William A. Douglass, Mental Health Chairman, P. O. Box 882, Cumberland, Maryland. They do not land.

## Retired E&R Pastor Dies

FREDERICK W. — Funeral services will be held here tomorrow for the Rev. Dr. Charles W. Levan, who died yesterday at Homewood Church Home near Williamsport, Md., at the age of 99.

Dr. Levan spent 51 years in the ministry of the Evangelical and Reformed Church, serving pastorates in Baltimore and Ridgeley, Md., and in Easton, Alexandria and Mechanicsburg, Pa.

He retired from the ministry in 1934, but served on the Franklin and Marshall College board of trustees and was president of the Synod of the Potomac of the former Reformed Church.

## Girl Scouts Approve Revised Contract With United Fund Inc.

A revised contract with the United Fund Inc. was approved last night by Cumberland Council, Girl Scouts of America if several reservations are accepted by the fund officers.

All nine Red Feather agencies of the Community Chest have contracts with that organization through this year. All have been invited to affiliate with United Fund at the expiration of present agreements.

The Girl Scouts made several reservations in their agreement. While the contract calls for principle of "one fund-raising campaign for all agencies" each year, the Girl Scout board approved the contract with the stipulation that its annual cookie sale be permitted and that permits

be reserved for its own campaign fund campaigns to develop its newly purchased campsite near Pointstone.

The board also stipulated that the policy of each of the 44 or more Girl Scout Troops of holding one fund-raising activity each year be continued.

The Girl Scout board, by a chain of action on the United Fund affiliation and contract, entered into the agreement only if the stipulations were included.

Miss Olive Hurlburt, Girl Scout executive director, reported to the board that 186 registrations are on hand for the established camp, and total capacity at the new camp this year is 208. For a limited time, reservations may be made at the Girl Scout House

by interested girls, she said. Considerable work has been done at the new campsite and several hundred persons attended an open house tour there Sunday. This week and next, volunteers will continue their task of getting the camp in complete readiness for the season.

Miss Hurlburt said several volunteer men who can do carpenter work, handy jobs and general repairs and clean-up will be welcome at the camp evenings and weekends.

The board decided to hold its next meeting at the camp on July 15 at 4 p. m.

Among other problems before the board last night was the expansion of the council area and giving service to this larger area.

Nine troops in Frostburg, numbering over 200 girls, have been accepted for affiliation with the Cumberland Council under the United Fund plan.

The board agreed that when activities start this fall, the lead-
